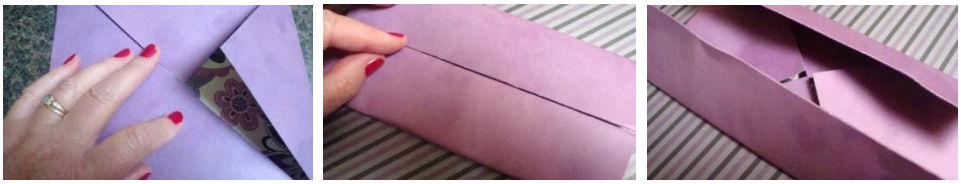
GIFT BOX by Lyn Dwyer (www.lynd.typepad.com)

Instructions:

1. Cut one piece of cardstock to 10.75” x 10.75” and one piece to 11” x 11”
2. The smaller piece shall be the base of the box so chose your colours accordingly
3. Using a ruler find the centre of your square and mark with a cross
4. Fold each corner up into the cross so you now have a smaller square



5. Starting with the bottom side..fold up to the middle of the square
6. Fold opposite side the same ..open out folds then fold opposite sides into middle

7. Cut along fold from edge to the next fold
8. Open out flaps and make the box...fold over each end

Congratulations on completing your Gift Box! Why not make more now using different cardstock! Perhaps change the size of the box! Maybe change the colours around!!
